

Mounting plate – perforated

E-no – MP-no 738R

Unperforated mounting plate for mounting boxes, sockets etc. on wire mesh trays. The mounting plate is made of acid-resistant sheet metal and is suitable for environmental class max C5-M. Hooks easily into the side of the wire mesh tray and can be locked by folding the tongues around the rungs. Can be fitted at an angle of 45° by mounting it over a longitudinal rung on the side and one at the bottom of the wire mesh tray.
