

Tray splice 75 mm

E-no — MP-no 314S

Splice for cable tray and luminaire rail for centrally suspended assembly. Made of Sendzimir galvanised sheet (20 µm) and suitable for environmental class max C2. Built-in friction locks prevent the splice from slipping out of the rail, but can be supplemented with bolt set M8x16 mm (11 157 11) for extra security. The pendant bracket is inserted under the splice before it is mounted in the rail. Maximum load for the support yoke in the splice: 150 kg with an evenly distributed load. Ultimate failure load: 1.7 times maximum load.
