

Tray splice 75 mm

E-no — MP-no 314Z4

Splice for cable tray and luminaire rail for centrally suspended assembly. Made of a zinc-magnesium alloy (25 µm) and suitable for environmental class max C4. Built-in friction locks prevent the splice from slipping out of the rail, but can be supplemented with bolt set M8x16 mm (11 156 80) for extra security. The pendant bracket is inserted under the splice before it is mounted in the rail. Maximum load for the support yoke in the splice: 150 kg with an evenly distributed load. Ultimate failure load: 1.7 times maximum load.
