

Threaded rod bracket M10

E-no — MP-no 925V

White-painted threaded rod bracket for centrally suspended assembly of cable tray and luminaire rail. The bracket is made of powder-coated sheet metal and is suitable for environmental class max C2. Installation is simple, as the threaded rod bracket is clicked onto either an angle bracket or a pendant bracket. The threaded rod can be adjusted by pressing the legs together slightly. Max load: 125 kg. Ultimate failure load: 1.7 times maximum load.
