

Luminaire bracket 150 mm

E-no — MP-no 632V

White-painted luminaire bracket for cable trays and luminaire rails. The bracket is made of powder-coated sheet metal and is suitable for environmental class max C2. The luminaire bracket encloses the entire tray so that luminaires with plugs can be easily moved. Brackets for tray widths of 300–600 mm can be made to order.
