

## Strap 10x0.5 mm 10 m

E-no — MP-no 831A

Steel strap 10x0.5 mm with rounded edges. Tensile strength  $600\text{N}/\text{mm}^2 \pm 100\text{ N}$ . The strap (10 m) is rolled up on a plastic cassette where the end is hidden in the cassette so as not to catch on surrounding objects. NB: When connecting around untreated pipes use aluzinc strap.
